Student Assessment at Terrigal High School

Assessment is the process of identifying, gathering and interpreting information about students' learning. The purpose of assessment is to provide information on student achievement and progress and set the direction for ongoing teaching and learning. The key reasons why we assess student achievement is to:

- ✓ Support student learning
- ✓ Monitor student learning
- ✓ Diagnose student needs
- ✓ Evaluate the effectiveness of teaching/learning programs
- ✓ Ensure student reporting processes are based upon valid information

At Terrigal High School assessment strategies are directly linked to reflect outcomes in each course (see individual schedules on following pages). Outcomes describe the standard against which student achievement is assessed and reported. It is generally not possible to make a judgement about the achievement of an outcome on a single piece of work or single assessment strategy. Each Faculty has carefully developed the assessment schedules for all courses contained in the booklet to ensure that balanced teacher judgement of student assessment is made on the basis of a range of assessment evidence.

What Does Year 9 Look Like?

- ✓ Satisfactorily completing all assessment tasks, homework and work in class
- ✓ Setting learning goals
- ✓ Striving to do your personal best – it is your future!

Completion and Submission of Assessment Tasks

All students are expected to complete and submit assessment tasks by the due date. In general, at least 2-week notice will be given for such tasks, and all students are expected to meet course requirements in this area.

What do I do if I am not able to submit or complete my task on the due date?

Students absent from school on the day that a task is due must be supported by a written explanation provided by the parent/guardian and/or a medical certificate.

The student will then sit for or submit the task either on the day of return to school (submission of task), or in the next lesson for that course (in-class test etc). It is the responsibility of the student to see the teacher immediately on his/her return to school to organise submission/completion of task.

What happens if I fail to complete or submit an assessment task without parental/guardian explanation and/or a medical certificate?

- A lateness penalty of 10% (of the task value) per school day up to 5 days will be imposed. After 5 school days the student will receive a mark of zero.
- After 5 school days, incomplete assessment tasks may be completed in class OR worked towards completion in stages in class.
- All tasks must be completed and will be marked as per the marking guidelines regardless of lateness of the task.
- For example, 4 days late submission on a task out of 20 – teacher marks task as per marking guidelines and awards 18/20. This is used for the outcomes for reports as it reflects the student's achievement – teacher then deducts 40% for 4 days late ($40\% \times 20 = 8$) - The student's total mark is $18/20 - 8 = 10/20$ - This mark then goes to the Assessment schedule total.

What happens if I have a problem with my computer when completing an assessment task?

- Computer/printer malfunction is not excuse for not completing or submitting a task by the due date.
- Assessment tasks completed on the computer should always be supported by a hard copy and continually remember to back up all your work.
- If there is a printer malfunction, it is the student's responsibility to bring a copy to school on a USB drive to print in the library (at a small fee).

What can I do to ensure I have 100% success at every assessment task?

- Read the assessment schedules in this booklet and understand when these will occur throughout the year.
- Check with your teacher if you do not understand or are unsure about the assessment tasks you have been given. Your teacher will assist you with understanding the task.
- Never leave a task to the last minute to complete. No task can be completed the night before.
- Read the instructions, marking criteria and what is required of you for each task.

Goodluck and enjoy Year 9 2023

Year 9 2023 – CHILD STUDIES

Assessment	Task 1	Task 2	Task 3	Task 4
Nature of task	HEALTH AND SAFETY Analysis and Video Creation	FOOD AND NUTRITION Research and Practical Task	DIVERSE NEEDS OF CHILDREN Research and Practical Task	MEDIA AND TECHNOLOGY Research and Infographic Task
